

## **Century Business Solutions Partners with Focused Impressions to Deliver Credit Card Processing within FocusPoint**

*The partnership between Century Business Solutions and Focused Impressions will allow merchants to process payments directly within FocusPoint, providing new productivity gain, lowering processing fees, and increasing data security.*

IRVINE, Calif. ([PRWEB](#)) August 25, 2021 -- Century Business Solutions is excited to announce its partnership with Focused Impressions, the only B2B/B2C eCommerce solution exclusively built for SAP Business One to allow credit card processing directly within FocusPoint.

Century Business Solutions' development team has built a payment integration for FocusPoint that uses Century's proprietary payment gateway, EBizCharge, to provide credit card processing for thousands of merchants across the country.

Century's credit card integration allows merchants to process credit cards from directly within FocusPoint.

The powerful EBizCharge payment gateway is designed to lower processing fees by submitting line-item details directly to the bank. EBizCharge is fully PCI compliant and offers advanced data encryption and tokenization technology to ensure maximum transaction security within FocusPoint. EBizCharge is compatible with over 100 leading ERP and accounting systems and major online shopping carts and provides unlimited transaction and batch history for reporting purposes.

FocusPoint is honored to partner with Century Business Solutions to provide a robust payment solution to our customers. We have many customers already using EBizCharge as their payment gateway. EBizCharge offers a valuable integration offering with FocusPoint, the only e-commerce solution designed exclusively for SAP Business One. James Page- Director, Alliances.

With EBizCharge, users can run custom reports, sort through transactions by category, and immediately release funds when issuing refunds.

The partnership between Focused Impressions and Century Business Solutions will help streamline workflow, eliminate double data entry, and make payment processing more efficient within FocusPoint.
